| 10 th | 1500 | 2700 |

New Tuition Calculation:

Case where a family has students enrolled in the Academy's High School and Grade School.

- The 1st child in grade school will be billed \$4500
- The 1st child in high school will be given the discount rate of \$3000 as if they were a 2nd student in High School.

*if there are additional grade school students the 2nd child in grade school will be charged \$2000; after that the additional students in grade school will be charged at \$1500 ea.

*if there are additional students in High School, they will be given the discount rate of \$2700 ea.

Examples:

1 child in High school and 1 in Grade School

- 1st student in Grade school: \$4500
- 1st student in High school: \$3000
 - Total Tuition for family: **\$7500**

2 children in High School and 1 in Grade school:

- 1st student in Grade school: \$4500
- 1st student in High school: \$3000
- 2nd student in High School: \$2700
 - Total Tuition for family: **\$10,200**
